

General Chemical CORP.

SHELF LIFE POLICY

CHEMICALS

The date of manufacture is noted as part of the Control Number. The date of manufacture is as close as possible to the shipping date as the chemical product is certified prior to final packaging. You can ask General Chemical about Shelf Life on a particular product. Shelf life is also dependent upon care of open container of the product, storage temperature and other environmental conditions.

Note: *The information presented herein is our interpretation of certain test results and field experience to date. The information is not to be taken as warranty or representation for which we assume legal responsibility, nor as permission or recommendation to practice any patented invention without a license. It is offered solely for your consideration, investigation and verification.*
